C2G

Discontinued - 1.5ft (0.46m) Velocity™ RCA Component Video Cable

Part No. CG-40009

Improve the performance of your progressive scan video sources by providing a much better cable than "out of the box" cables included with most consumer electronics products. The oxygen-free copper center conductor and foam PE dielectric maintain a 75 Ohm characteristic impedance, and offer efficient signal transmission to deliver exceptional video detail, color and brightness.

The dual braided oxygen-free copper shields and 100% aluminum foil sheath protect against environmental noise and interference. The 24K gold-plated, heavy duty connectors ensure long-lasting, highly conductive signal connections; fully molded connectors provide excellent strain relief. The color-coded molded connectors attach to an ultra-flexible jacket, and enable easy installation and identification.

Features & Benefits

- Carries a Component Video signal
- Constructed from 75oxygen-free copper
- Foil and braided shield to protect from interference

Specifications

General Info

Product Line	C2G	Color	Blue
UPC Number	757120400097	Country Of Origin	China
Application Sector	Commercial, Residential	Warranty Type	Lifetime
Type	Cable		

Dimensions

Cable Length	1.5 ft

Technical Information

Cable Type	Video	Adapter Rear	RCA Component Video Male
Adapter Front	RCA Component Video Male
