

C2G
Discontinued - 35ft (10.7m) Velocity™ Composite Video Cable
Part No. CG-40459

The Velocity video cable ensures vivid picture quality and maximum detail from your composite video sources. This cost-effective high-performance cable has a real performance advantage over cheap "included in the box" cables included with many consumer electronics products. The low loss 75 Ohm oxygen-free copper conductor and foamed PE dielectric maintain proper characteristic impedance, and guarantee that you will experience all the picture quality and performance your equipment can deliver.

An oxygen-free copper (OFC) braided shield protects against electromagnetic interference (EMI) and radio frequency interference (RFI). Fully molded connectors provide excellent strain relief. A flexible jacket and 24-karat gold-plated heavy duty contacts ensure long-lasting quality.

Features & Benefits

Designed to connect a composite video source to a composite receiver or display

Shielded to prevent unwanted EMI/RFI interference

Fully molded cable design

24-karat gold-plated heavy duty contacts

Specifications

General Info

Product Line	C2G	Color	Blue
Application Sector	Commercial, Residential	Warranty Type	Lifetime
Type	Cable		

Dimensions

Cable Length	35 ft
--------------	-------

Technical Information

Signal Transmission	Bidirectional	Cable Type	Video
Connector 2	RCA Composite Video Male	Connector 1	RCA Composite Video Male
