

**C2G**  
**DISCONTINUED: VGA, 3.5mm Audio, Composite Video and RCA Stereo Audio Pass Through Double Gang Wall Plate - Brushed Aluminum**  
Part No. CG-40506

Add the finishing touch to audio/video installations with a feed-through wall plate. This wall plate is designed to mount in standard electrical boxes or mud rings. The thick stainless steel composition provides better protection than plastic wall plates in commercial environments where constant wear and tear causes damage.

Feed-through connectors and identification markings make this wall plate simple to install and easy to connect equipment. Furthermore, it is compatible with any existing wiring network. The double gang design offers connectors for HD15, 3.5mm stereo audio, composite video and left/right audio all in one wall plate. Feed-through connectors are designed to offer lossless signal transfer and maximum insertions for a lifetime of service. Mounting hardware included.

## Specifications
