

Our s-video cable is constructed from high quality multiple conductors that deliver high quality video images. Separate conductors carry the Y-component (Chrominance) separately from the C-component (Luminance), to provide higher resolution and better picture quality than a composite video cable. Molded connectors with integrated strain relief; flexible PVC jacket.

Features & Benefits

- Supports a S-Video signal
- Fully molded connector and strain relief
- Flexible PVC jacket

Specifications

General Info

Product Line	C2G	UPC Number	757120409151
