

C2G
VGA, 3.5mm Audio, Composite Video and RCA Stereo Audio Pass Through Double Gang Wall Plate with One Cutout and One Keystone - White Brush
 Part No. CG-41030

Add the finishing touch to audio/video installations with a feed-through wall plate. This wall plate is designed to mount in standard electrical boxes or mud rings. aluminum composition provides better protection than plastic wall plates in commercial environments where constant wear and tear causes damage.

Feed-through connectors and identification markings make this wall plate simple to install and easy to connect equipment. Furthermore, it is compatible with any wiring network. The single gang design offers connectors for HD15, 3.5mm stereo audio, composite video, and left/right audio, all in one wall plate. In addition, the keystone provides a space for additional components like our USB Superboosters and a network connection that will fit the keystone opening. Feed-through connectors are designed to offer lossless signal transfer and maximum insertions for a lifetime of service.

Features & Benefits

Available in different colors

Feed-through connectors and identification markings

Compatible with any existing wiring network

Connectors are designed to offer lossless signal transfer and maximum insertions
