

**C2G**  
**DISCONTINUED: Bluetooth® Audio Receiver with NFC (TAA Compliant)**  
 Part No. CG-41321

This Bluetooth Audio Receiver is the perfect solution for adding Bluetooth capability to an audio system such as a home or car stereo in order to stream audio from a smartphone, tablet or other mobile device. Near Field Communication (NFC) allows for a simple pairing process between the Bluetooth audio receivers and a smartphone, tablet or other mobile device. Audio is transmitted from the receiver to the audio system through either a digital audio Toslink output or a Stereo Audio 3.5mm output. Bluetooth technology provides a wireless connectivity range of up to 32 feet.

<

## Features & Benefits

- Near Field Communication (NFC) provides for a simple pairing process
- Wireless connectivity up to 32 feet
- Supports wireless streaming audio using Bluetooth A2DP+EDR technology
- Digital Audio output via Toslink or Stereo Audio output via 3.5mm

## Specifications

### General Info

Product Line	C2G	Color	Black
UPC Number	757120413219	Country Of Origin	Taiwan, Province Of China
Application Sector	Residential, Commercial	Type	Receiver

### Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
