

This adapter converter dongle is an ideal solution for connecting the audio/video output of a Mini HDMI enabled tablet, small laptop or other mobile device to a HDMI display. The dongle design of this adapter converter does not cause the stress on the port of a small laptop that is common when using a box style adapter. Up to a 1080p video resolution is supported, allowing this adapter converter to meet the needs of a high performance application. Connect this adapter directly to the output of a laptop and use a HDMI cable to connect to a display.
