

This RapidRun female-to-female coupler is the solution to connect two RapidRun PC flying leads together without the need for a Runner. The coupler acts as a very short Runner cable that empowers the user to easily customize patch cables in the field per the length required. Simply choose two PC flying Leads and this coupler and connect them all together to customize a flying lead from 3 to 20 feet in length.

Please Note: To complete the RapidRun system, each runner will need (2) flying leads, (2) wall plates, OR (1) flying lead and (1) wall plate.

Specifications
