

C2G
DISCONTINUED: 250ft (76.2m) RG6/U Quad Shield Coaxial Cable - In-Wall CMG-Rated
Part No. CG-43063

Our RG6/U quad shield cable is ideal for antenna, cable television and satellite installations. This cable has an 18 AWG copper clad steel center conductor surrounded by a foam polyethylene dielectric. A bonded aluminum foil and 60% aluminum braid over another foil and 40% aluminum braid provide 100% shield coverage. Use for CL1, CL2, CM, CMX and CMG installations. Swept tested to 3 GHz to ensure performance at applicable frequencies. To help you keep track of cable used, the cable jacket is sequentially marked every two feet.

Features & Benefits

- In-wall, CMG-rated jacket
- Swept tested to 3GHz
- Quad shield RG6/U construction

Specifications

General Info

Product Line	C2G	UPC Number	757120430636
