

This in-wall rated Cat6 cable is perfect for creating custom length network patch cables. The stranded conductor construction makes this cable flexible and easy to work with, while the design of this box allow it to be easily dispensed. This cable is built to ANSI/TIA-568-C.2 standards and tested at frequencies up to 400MHz making it the ideal product for high performance transmissions. The jacket is foot marked allowing for easy determination of the amount of cable remaining.

Features & Benefits

- 24AWG, stranded, bare copper conductors
- In-wall, CM-Rated, jacket
- No-snag box makes for easy pulling
- Foot marked to easily identify remaining cable

Specifications

General Info

Product Line	C2G	Color	Blue
UPC Number	757120434054	Country Of Origin	Taiwan, Province Of China
Type	Cable		

Dimensions

Cable Length	1000 ft
--------------	---------

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
