

This Premium High Speed HDMI Cable supports all HDMI 2.0 features and have been tested to conform with the Premium HDMI Cable Certification Program for highest performance and ultra-reliability. This cable is ideal for HD Blu-ray and HD DVD video, experiencing resolutions up to 4K [4096 x 2160 at 60hz, 4:4:4], bandwidths up to 18Gbps, HDR for higher contrast ratios and vivid colors, plus 32 uncompressed digital audio channels to provide crystal-clear sound, making it perfect for home theater applications or digital signage.

Convenience

This cable is designed to exceed the highest measure of HDMI performance and will enhance video experiences with higher resolutions, increased speeds, sharper images and are backward compatible with previous HDMI specifications for existing HDMI devices. They also deliver dual video streams, so that two videos can be viewed simultaneously on a single display.

Performance

Each length of these cables have been tested to deliver the full 18Gbps bandwidth required by the specifications for Premium High Speed HDMI certification.

Note: Your display must support Multi-View in order to take advantage of dual video streams.

Features & Benefits

- Supports all HDMI 2.0 features including resolutions up to 4K (4096 x 2160 at 60hz, 4:4:4)
- Data speeds up to 18.0Gbps
- Supports 8, 10, 12, and 16bit per channel Deep Color
- Supports DTS-HD Master Audio™, Dolby TrueHD™, DTS, Dolby AC3 and DSD Audio
- Supports 3D and dual video streams (Dual View)
- Supports full HD Blu-ray and HD DVD video
- Supports up to 32 audio channels and a 1536kHz audio sampling rate
- Supports extended CEC (Consumer Electronics Control) commands and functions, HDMI Ethernet Channel (100Mbps/s), and ARC (Audio Return Channel)
