

The C2G VGA Video Cable is perfect for source to display connectivity for in-home desktop or in-wall commercial applications that require video resolutions of up to 2048x1536. This cable is designed to support high resolution video applications over long distances of up to 50ft. All 15 pins are wired, providing support for DDC2 (E-DDC) and Extended Display Identification Data (EDID) signals, i.e., communication of the display's capabilities, ensuring that the content from the source is sent at the optimal resolution for the display.

Features & Benefits

Flexible jacket allows for easy installation in tight spaces.

Molded strain relief ensures durability and longevity.

High-quality video signal transfer ensures clear and reliable performance.

Flexible jacket allows for easy installation in tight spaces, making it ideal for a wide range of applications.

Specifications

General Info

Product Line	C2G	Color	Black
UPC Number	757120502616	Country Of Origin	China
Application Sector	Commercial, Residential	Type	Cable

Dimensions

Product Length US	50.0 FT	Cable Length	50 ft
-------------------	---------	--------------	-------

Technical Information

Jacket Material	PVC (Polyvinyl Chloride)	Video Resolution	UXGA (1600x1200)
Cable Type	Video	Jacket Rating	Standard / Non-Rated
Connector 2	VGA Male	Connector 1	VGA Male

Video Output Support

VGA

Video Input Support

VGA
