

C2G Plus Series Select HDMI™ Cable with Ethernet is the perfect solution for connecting multimedia source devices in desktop or commercial audio video applications requiring high speed HDMI™ features.* The CL2 rated cable jacket is designed to meet the requirements for in-wall installations. The Ethernet capabilities of the cable allow a user to connect multiple Ethernet enabled HDMI™ devices through a single Ethernet connection.

*Note: The 35, 40 and 50-foot lengths are standard speed, not high speed.

Features & Benefits

Supports 32 audio channels for an immersive audio experience

Supports CEC extensions for control of consumer electronics devices through a single control point

Gold plated connectors for increased electrical conductivity and enhanced durability

Backed by a Lifetime Warranty for peace of mind

Specifications
