

**C2G**  
**15ft (4.6m) Panel-Mount Plenum-Rated HD15 UXGA M/F Extension Cable**  
Part No. CG-52103

Customize your VGA functionality by securing an efficient, fixed port. Provide access to a PC, monitor, or projector with minimal exposure or repositioning. The CMP-rated cable jacket allows in-wall installation without the use of conduit. From connections at podiums and kiosks to wall plate mounting, our panel-mount cable is a great way to keep your connections clean and professional. Featuring screw-style connectors with a molded hood, this cable provides an easy connection to a faceplate or machined port.

Constructed from premium grade shielded video cable which uses a combination of coax and twisted pair, this UXGA cable accommodates cable runs up to 100 feet without a booster (in most cases). Ideal for video presentation devices, video splitters, and KVM switches.

UXGA provides a screen resolution of 1600 x 1200 pixels.

Please Note: Pin 9 is not loaded. Pin 9 is not required for standard computer video applications.

## Specifications
