

C2G

Discontinued - Serial RS232 Projector Cable - Dell compatible (TAA Compliant)

Part No. CG-53843

This cable is designed to provide RS-232 serial control of Dell projectors when used in conjunction with a classroom controller such as the Trulink A/V Controller (#40099). It features a standard DB9 female connector to a 6-Pin Mini-Din Male connector configured to match Dell projectors and matches the Receive (RX) and Transmittsion (TX) lines for easy installation and immediate operation.

[B]Please note:[/B] This cable is designed to work with Dell projectors only.

Features & Benefits

Molded connectors with thumbscrews for easy and secure connection	Double-shielded to reduce electromagnetic interference
Allows for easy connection of a Dell projector to a computer or other RS232 serial device	Dell compatible, ensuring compatibility and high-quality performance
TAA Compliant, making it suitable for use in government and other regulated environments
