

This DisplayPort to Single-Link DVI-D Adapter Converter is an easy and convenient solution for connecting a DVI-D monitor to a DisplayPort computer in your home or your office. This adapter converter carries a digital video signal, supports up to a 1920 x 1200 resolution and meets the requirements of high performance applications.

Avoid frustration by simply plugging the adapter into your computer, then attach to the existing Single-Link DVI-D cable from your monitor or projector. The portable, compact design also makes it easy to carry in a laptop bag when traveling or on the go.

This adapter converter automatically converts the digital DisplayPort signal to Single-Link DVI-D, supporting full HD up to a 1920 x 1200 resolution.

Features & Benefits

- Supports legacy Single-Link DVI-D display devices, so no need to purchase a new monitor
- Plug-and-play, so no additional software or drivers needed
- Dongle style adapter reduces strain, prolonging the life of the port
- Supports resolutions up to 1920 x 1200, for viewing your screen content at full HD

Specifications
