

C2G

Discontinued - 500ft (152.4m) Cat5e Bulk Unshielded (UTP) Ethernet Network Cable with Solid Conductors - Plenum CMP-Rated - Black
Part No. CG-56021

This plenum rated Cat5e cable is perfect for creating custom length horizontal network cable runs. This cable meets all Cat5e TIA/EIA standards, and is designed to reduce both impedance and structural return loss (SRL). Each of the individual pairs are constructed from high quality copper cable and are bonded together to help maintain the twist-spacing up to the termination point. This design helps to minimize Near-End Crosstalk (NEXT) levels. The cable is foot-marked on the jacket indicating the amount cable remaining spooled in the easy-to-use pull box.

Features & Benefits

Perfect for installations that require cabling in a plenum air space

No-snag box makes pulling cable a cinch

Available in three colors and lengths up to 1000ft

Specifications

General Info

Product Line	C2G	Color	Black
UPC Number	757120560210	Country Of Origin	United States
Features	Solid Conductors	Application Sector	Commercial, Industrial, Residential
Type	Cable		

Dimensions

Cable Length	500 ft
