

RapidRun® is designed to be the standard for in-wall audio/video installations. Using pre-terminated Break-away flying leads and wall plates with an in-wall runner ensures flexible, efficient, high quality connections for all types of equipment, with no field terminations.

Use this CMG-rated Multi-Format Runner for in-wall installations that support high density, multi-format applications. Whether hanging a projector in a modern 21st century classroom or installing a commercial digital signage system, a clean, crisp signal will be delivered every time.

Please note: Each complete RapidRun Multi-Format All-In-One runner solution requires a break-away flying lead or wall plate to terminat with HD15, 3.5mm and 3RCA connections.

## Specifications

### General Info

Product Line	C2G	Color	Ivory
Application Sector	Commercial, Residential	Warranty Type	Lifetime
Type	Wall Plate Insert		

### Technical Information
