

**C2G**  
**Discontinued - 1.5ft (0.46m) RapidRun® VGA (HD15) Right Angle Flying Lead**  
Part No. CG-60065

RapidRun® is designed to be the standard for in-wall audio/video installations. Using pre-terminated Break-away flying leads and wall plates with an in-wall runner ensures flexible, efficient, high quality connections for all types of equipment, with no field terminations.

Ideal for educational and institutional installations, this flying lead sends PC video, with EDID support for plug and play performance. It is commonly used on the display (projector) end of classroom setups with the corresponding wall plate used at the teacher's station.

**Please note:** Each complete RapidRun Multi-Format solution requires a break-away flying lead or wall plate to terminat each end of the runner cable. Each runner requires (2) break-away flying leads, (2) wall plates, OR (1) break-away flying lead and (1) wall plate.

## Specifications
