

C2G

Discontinued - 35ft (10.7m) RapidRun® Multi-Format All-In-One Runner Cable - In-Wall CMG-Rated
Part No. CG-60070

RapidRun® is designed to be the standard for in-wall audio/video installations. Using pre-terminated Break-away flying leads and wall plates with an in-wall runner ensures flexible, efficient, high quality connections for all types of equipment, with no field terminations.

Ideal for educational and institutional installations, this flying lead sends PC video and 3.5mm stereo audio over one cable. It is commonly used on the display (projector) end of classroom setups with the corresponding wall plate used at the teacher's station.

Please note: Each complete RapidRun Multi-Format solution requires a break-away flying lead or wall plate to terminate each end of the runner cable. Each runner requires (2) break-away flying leads, (2) wall plates, OR (1) break-away flying lead and (1) wall plate.

Features & Benefits

In-wall, CMG-rated jacket

Integrated VGA, 3.5mm, Composite Video and RCA Stereo Audio connectors

Designed for use with RapidRun Multi-Format flying leads and wall plates

Specifications

General Info

Product Line	C2G	Color	Black
UPC Number	757120600701	Country Of Origin	China
Application Sector	Commercial, Residential	Type	Cable

Dimensions

Cable Length	35 ft	Outside Diameter	9 mm
--------------	-------	------------------	------

Technical Information

Jacket Material	PVC (Polyvinyl Chloride)	Wire Gauge	24 AWG
Video Resolution	UXGA (1600x1200)	Jacket Application	In-Wall Rated
