

C2G

**Discontinued - 3ft (0.9m) RapidRun® Multi-Format Runner Extension Cable - In-Wall CMG-Rated**  
Part No. CG-60074

RapidRun® is designed to be the standard for in-wall audio/video installations. Using pre-terminated Break-away flying leads and wall plates with an in-wall runner ensures flexible, efficient, high quality connections for all types of equipment, with no field terminations.

Use this CMP-rated Multi-Format Runner for in-wall installations that support high density, multi-format applications. Whether hanging a projector in a modern 21st century classroom or installing a commercial digital signage system, a clean, crisp signal will be delivered every time.

For more information on the RapidRun Multi-Format products, click [here](#).

Please note: Each complete RapidRun Multi-Format All-In-One runner solution requires a break-away flying lead or wall plate to terminate with HD15, 3.5mm and 3RCA connections.

## Features & Benefits

Supports flexible, high density, multi-format applications

CMP-rated for in-wall installations

Requires a break-away flying lead or wall plate

## Specifications
