

RapidRun® is designed to be the standard for in-wall audio/video installations. Using pre-terminated Break-away flying leads and wall plates with an in-wall runner ensures flexible, efficient, high quality connections for all types of equipment, with no field terminations.

Ideal for educational and institutional installations, this wall plate is constructed from aluminum for durability, this wall plate has a locking connector that enables the integrator to save valuable space inside the surface mount or electrical box that typically is already packed with cables. The included keystone bezels will work with most brands of keystone inserts including Leviton®, L-com®, NetKey®, ADC Krone, HellermannTyton, and Allen Tel.

Please note: Each complete RapidRun Multi-Format solution requires a break-away flying lead or wall plate to terminate each end of the runner cable. Each runner requires (2) break-away flying leads, (2) wall plates, OR (1) break-away flying lead and (1) wall plate.

## Specifications

### General Info

Product Line	C2G	Color	Black
UPC Number	757120600893	Country Of Origin	China
Type	Wall Plate		

### Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

### Technical Information

Number of Gangs	1
