

This wall plate is an ideal solution for installations which require that a Blu-ray player and a computer be connected to a projector through in-wall cabling. This wall plate features flexible HDMI and 3.5mm pigtailed which makes installing this wall plate in a wall box easier than wall plates which require use of standard HDMI and 3.5mm cables. This wall plate is designed to work with standard wall boxes and the aluminum construction provides durability and a long life.

Features & Benefits

Supports HDMI audio/video signals, VGA video and Stereo Audio

Flexible HDMI and 3.5mm pigtailed for easy installation in a wall box

Compatible with standard single gang wall boxes

Aluminum construction for durability and long life

Specifications
