

This HP AJ716A compatible SFP+ transceiver provides 2/4/8Gbs Fibre Channel-SW throughput up to 300m over multi-mode fiber (MMF) at a wavelength of 850nm using a LC connector. Our transceiver is guaranteed to be 100% compatible with the equivalent HP transceiver. This easy to install, hot swappable transceiver has been programmed, uniquely serialized and data-traffic and application tested to ensure that it will initialize and perform identically. It is built to meet or exceed the specifications of HP, as well as to comply with multi-source agreement (MSA) standards to ensure seamless network integration.

[B]Please Note: [B] Installing Legrand transceivers does not void your network equipment warranty. Network equipment manufacturers all have guidelines stating that warranty support on their products will not be affected by installing a Legrand or any third party transceiver.

Features & Benefits

Functionally identical to HP AJ716A

High speed 8-Gigabit connectivity

Transceiver type SW allows for connections up to 300m

LC ports designed for use with Multimode fiber

850nm wavelength signaling

Specifications

General Info

Product Line	C2G	Color	Silver
UPC Number	757120669821	Country Of Origin	United States
Works With	HP	Application Sector	Commercial, Industrial
Warranty Type	Lifetime	Type	Transceiver

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
