

The USB-C to HDMI, VGA, USB-A, and RJ45 Multiport Adapter connects to USB-C or Thunderbolt 3 enabled laptops and is perfect for contributing to a desktop solution — making it ideal for inside reps that need essential connectivity while in the office or when working from home.

This multiport adapter offers a lightweight, portable, and easy way to deliver audio/video and transfer data. Connect to a USB-C equipped laptop or tablet, display HDMI audio/video or VGA video content, plus transfer data and connect to a network.

Supporting resolutions up to 4K at 30Hz for HDMI and 1920x1200 at 60Hz for VGA, this multiport adapter mirrors or extends a high-quality video image to the connected display. The USB-A data port supports SuperSpeed USB 5Gbps data transfers — allowing up to 32GB of data to be downloaded in under a minute. The Ethernet port allows for reliable internet connectivity with file transfer speeds up to 1000Mbps.

**Note:** When both video ports are connected, HDMI and VGA display the same image with resolutions up to 1080p at 60Hz.

## Features & Benefits

- Supports HDMI Resolutions up to 4K at 30Hz, for viewing your screen content at full HD
- Supports USB 3.0 SuperSpeed (5Gbps) Transmission for fast data transferring
- Reversible, symmetrical USB-C connector, so no guessing how to plug it into your laptop
- Supports VGA Resolutions up to 1920x1200 at 60Hz
- Hard wired Ethernet port for when security requires it or when WiFi™ is not available

## Specifications

### General Info

Product Line	C2G	Color	Black
UPC Number	757120298281	Country Of Origin	China
Application Sector	Residential, Commercial	Type	Adapter

### Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
