

The USB-C to HDMI, VGA, USB-A, and RJ45 Multiport Adapter connects to USB-C or Thunderbolt 3 enabled laptops and is perfect for contributing to a desktop solution — making it ideal for inside reps that need essential connectivity while in the office or when working from home.

This multiport adapter offers a lightweight, portable, and easy way to deliver audio/video and transfer data. Connect to a USB-C equipped laptop or tablet, display HDMI audio/video or VGA video content, plus transfer data and connect to a network.

Supporting resolutions up to 4K at 30Hz for HDMI and 1920x1200 at 60Hz for VGA, this multiport adapter mirrors or extends a high-quality video image to the connected display. The USB-A data port supports SuperSpeed USB 5Gbps data transfers — allowing up to 32GB of data to be downloaded in under a minute. The Ethernet port allows for reliable internet connectivity with file transfer speeds up to 1000Mbps.

Note: When both video ports are connected, HDMI and VGA display the same image with resolutions up to 1080p at 60Hz.

Features & Benefits

Supports HDMI Resolutions up to 4K at 30Hz, for viewing your screen content at full HD

Supports VGA Resolutions up to 1920x1200 at 60Hz

Supports USB 3.0 SuperSpeed (5Gbps) Transmission for fast data transferring

Hard wired Ethernet port for when security requires it or when WiFi™ is not available

Reversible, symmetrical USB-C connector, so no guessing how to plug it into your laptop

Specifications

General Info

Product Line	C2G	Color	White
UPC Number	757120298298	Country Of Origin	China
Application Sector	Residential, Commercial	Type	Adapter
