The dongle style adapter gives more flexibility, allowing for better placement when connecting to thin or lighter weight laptops.

**Color Coded Adapters**

Each adapter is color-coded with a band that saves time and frustration by making it easy to identify the adapter you need quickly.

**Integrated Pull Tab**

Quickly grab the adapters when you need them with the integrated Pull Tab that is also available to be customized to feature your company or organization logo. A order quantities apply to customized Pull Tabs.

**Universal Cable Mount**

The universal cable mount attaches directly to the in-room HDMI display cable, ensuring that the adapters are always within reach. The adapter ring slides to the connector when needed and out of the way when not in use, reducing strain on the HDMI cable and clutter on the tabletop. The optional stopper fits on HDMI cables from 5mm to 10mm in diameter and prevents the adapters from sliding too far down the cable.

**Tools Included**

The tools for mounting the adapters and optional stopper are in the box to simplify the installation process. The innovative HDMI Cable Gauge Tool reduces stopper installation time by allowing the right-sized stopper to insert, allowing for quick identification of the HDMI cable.
