The USB-C 12-in-1 Triple Display Docking Station with HDMI®, DisplayPort™, Ethernet, USB, 3.5mm Audio and Power Delivery connects USB-C or Thunderbolt™ laptops and is perfect for contributing to a desktop solution — making it ideal for inside reps that have extra connectivity demands while in the office or when working from home.

This USB-C Triple Display Docking Station supports connected devices, such as keyboards, mice, portable hard drives, and other peripherals, all while supporting power delivery to charge and power a laptop. The maximum power capacity depends on how much power the connected adapter can supply. The right amount necessary to keep the laptop battery charged, for all connected devices to function, and for the dock to provide that connectivity. This docking station includes a 135W power supply.

This USB-C Triple Display Docking Station is equipped with three video display outputs, simultaneously splitting content to three display devices while connected source with a USB-C output. This dock is perfect for a triple display dock setup — improving multitasking and productivity. Connect up to three displays, support resolutions up to 5K (5120 x 2880) at 60Hz. Connect to a single DisplayPort display, support resolutions up to 4K (4096 x 2160) at 60Hz. The USB-A ports support SuperSpeed USB 5Gbps data transfers — allowing a full HD movie to be downloaded in under a minute. The USB-C port supports SuperSpeed USB 10Gbps — allowing for twice the amount of data in the same amount of time as the USB-A ports. Optimize per connecting display devices for 4K signals and USB-C devices designed for 100bps transfer speeds.

### Maximum Supported Resolutions

- **3 HDMI or DisplayPort Ports to 3 Displays:** 4K (3840 x 2160) at 30Hz
- **2 HDMI Ports to 2 Displays:** 4K (3840 x 2160) at 60Hz
- **2 DisplayPort Ports to 2 Displays:** 4K (4096 x 2160) at 60Hz
- **1 HDMI Port to 1 Display:** 4K (4096 x 2160) at 60Hz
- **1 DisplayPort Port to 1 Display:** 5K (5120 x 2880) at 60Hz

### Features & Benefits

- **135W USB-C power supply to support connected displays and devices**
- **Triple 4K display extension from a single USB-C connection**
- **Supports 5K, when connected to a DisplayPort display**
- **BC 1.2 USB-A port for enhanced mobile charging**
- **Reversible, symmetrical USB-C connector, so no guessing how to plug it into your laptop**
- **Compatible with Windows and Mac operating systems**
- **Supports up to 85W of power delivery to keep your laptop charged**
- **Supports HDMI and DisplayPort resolutions up to 4K, for viewing your screen content at full HD**
- **USB-A and USB-C ports for fast data transferring**
- **Hard wired Ethernet port for when security requires it or when WiFi™ is not available**
- **Includes DisplayLink graphics transport technology, for crisp text and graphics with very low latency**
- **5 year warranty, for peace of mind – with the highest quality docking stations**
