

C2G
Thunderbolt™ 3 USB-C® Docking Station 11-in-1 8K UHD with DisplayPort™, Ethernet, USB, SD Card Reader, 3.5mm Audio and Power Delivery up to 85W
 Part No. CG-C2G54536

The Thunderbolt 3 USB-C 11-in-1 8K UHD Docking Station with DisplayPort, Ethernet, USB, SD Card Reader, 3.5mm Audio, and Power Delivery connects to Thunderbolt enabled laptops and features 180W of power, making it ideal for commercial workstation laptops that need more video outputs, more connected peripherals, and transfer data while staying charged.

This Thunderbolt 3 USB-C 8K UHD Docking Station offers 180W to support connected devices, such as keyboards, mice, portable hard drives, and other peripherals supporting up to 85W of power delivery to charge and power a commercial workstation laptop when using the USB-C power adapter that is included with the laptop. The maximum power capacity depends on how much power the connected adapter can supply. The right amount of power is necessary to keep the laptop battery charged, connected devices to function, and for the dock to provide that connectivity. This docking station includes a 180W power supply.

Supporting two displays with resolutions up to 4K (3840 x 2160) at 60Hz for high definition images and video makes this docking station a perfect desktop solution, in the office or working from home. Professional users can also connect to a single DisplayPort display through the DisplayPort port and support resolutions up to 8K (7680 x 4320) at 30Hz. The USB-A ports support SuperSpeed USB 5Gbps data transfers allowing up to 32GB of data to be downloaded in under a minute. The Thunderbolt 3 port support data transfers up to 40Gbps 8x faster than SuperSpeed USB 5Gbps. The Ethernet port allows for reliable internet connectivity with file transfer speeds up to 10Gbps. Access multimedia content quickly with the SD 4.0 card reader that supports SD, SDHC, and SDXC up to 128GB. Optimize performance by connecting displays designed for 60Hz signals, USB devices designed for 5Gbps transfer speeds, and Thunderbolt 3 enabled devices.

PORTS

- 1x 8K DisplayPort:** Connect to an 8K display via the DisplayPort port.
- 1x Thunderbolt 3 Video and Data:** Connect to a 4K display and transfer data up to 40Gbps from a storage device.
- 1x Thunderbolt 3 Power and Data:** Transfer data up to 40Gbps from a storage device and power a commercial laptop with up to 85W power delivery.
- 2x USB-C:** Connect storage devices and transfer data up to 10Gbps through the USB-C port.
- 3x USB-A:** Connect storage devices and transfer data up to 5Gbps through the USB-A ports.
- 1x USB-A with BC 1.2:** Connect storage device and transfer data up to 5Gbps through the USB-A port. This port supports BC 1.2 for enhanced mobile device charging.
- Gigabit Ethernet:** Connect to local network for network and internet access.
- Combo Audio Jack:** Connect headphones, speakers, and headphone/microphone sets for audio output and input.
- SD 4.0 Card Reader:** Insert SD memory card for data transfer.

Specifications

General Info

Product Line	C2G	UPC Number	757120545361
Country Of Origin	Taiwan, Province Of China	Application Sector	Residential, Commercial
Type	Docking Station		

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

Technical Information

Video Resolution	8K 30Hz, 8K, 4K 60Hz, 4K 30Hz, 4K, 1080p	Data Transfer Rate	40 Gbps
Adapter Rear	SD Card Reader, 3.5mm Female, USB 3.0 A Female, USB 3.0 A Female, USB 3.0 A Female, USB 3.0 A Female, RJ-45 Female, DisplayPort Female	Adapter Front	USB-C Male, USB-C Female, USB-C Female, USB-C Female
