

C2G
Single LED Work Light
Part No. CG-CL001

The Single LED Work Light can be positioned in racks or cabinets to illuminate the work area, providing better visibility when installing or servicing equipment or terminating cabling. Designed with flexible mounting and positioning capabilities, this lighting solution provides focused illumination wherever it is needed and operation is simple, with a single switch to turn the light on or off. This light is UL, cUL and CE compliant and includes a power supply, international power supply adapters, and mounting hardware.

Features & Benefits

Both horizontal (19" EIA) or vertical mounting
Hook & loop installation
Single touch switch for power

Non-restricting low profile design for access or serviceability
Fifty degree pivot in either direction to direct the light to the work area
