

This Finisar FTLF8519P2BNL compatible SFP transceiver provides 1000Base-SX throughput up to 550m over multi-mode fiber (MMF) at a wavelength of 850nm using a LC connector. Our transceiver is guaranteed to be 100% compatible with the equivalent Finisar transceiver. This easy to install, hot swappable transceiver has been programmed, uniquely serialized and data-traffic and application tested to ensure that it will initialize and perform identically. It is built to meet or exceed the specifications of Finisar, as well as to comply with multi-source agreement (MSA) standards to ensure seamless network integration.

[B]Please Note:[/B] Installing Legrand transceivers does not void your network equipment warranty. Network equipment manufacturers all have guidelines stating that warranty support on their products will not be affected by installing a Legrand or any third party transceiver.

Features & Benefits

Functionally identical to Finisar FTLF8519P2BNL

Transceiver type SX allows for connections up to 550m

850nm wavelength signaling

High speed 1-Gigabit connectivity

LC ports designed for use with Multimode fiber

Specifications

General Info

Product Line	C2G	Color	Silver
UPC Number	757120666820	Country Of Origin	United States
Application Sector	Commercial, Industrial	Type	Transceiver

Technical Information

Fiber Optic Cable Type	Multimode	Max Distance Support	550 m
