

C2G
DISCONTINUED: Cisco® GLC-FE-100FX Compatible 100Base-FX SFP (mini-GBIC) Transceiver Module (Multimode, 1310nm, 2km, LC) - TAA Compliant
 Part No. CG-GLC-FE-100FX-LEG

This SFP (mini-GBIC) transceiver module is designed for use with Cisco network equipment and is equivalent to Cisco part number GLC-FE-100FX. This transceiver is built to meet or exceed the specifications of the OEM and to comply with Multi-Source Agreement (MSA) standards. This product is 100% functionally tested, and compatibility is guaranteed. The transceiver is hot-swappable input/output device which allows a Gigabit Ethernet port to link with a fiber optic network. OEM specific configuration data is loaded on to the EEPROM of the transceiver at the factory, allowing this transceiver to initialize and perform identically to an OEM transceiver. This transceiver may be mixed and deployed with other OEM or third party transceivers and will deliver seamless network performance. A list of compatible network equipment is available on the Specs tab of this page.

[B]Please Note: [B] Installing Legrand transceivers does not void your network equipment warranty. Network equipment manufacturers all have guidelines stating that warranty support on their products will not be affected by installing a Legrand or any third party transceiver.

Features & Benefits

- Functionally identical to Cisco GLC-FE-100FX
- 1310nm wavelength signaling
- LC ports designed for use with Multimode Fiber
- Supports up to 2 kilometers of cabling

Specifications

General Info

Product Line	C2G	UPC Number	757120668589
Country Of Origin	United States	Application Sector	Commercial, Industrial
Warranty Type	Lifetime	Type	Transceiver
