

C2G
DISCONTINUED: Cisco® GLC-LX-SM-RGD Compatible 1000Base-LX SFP (mini-GBIC) Transceiver Module with Digital Optical Monitoring (Single-Mode, 1310nm,
 Part No. CG-GLC-LX-SM-RGD-LEG

This Cisco GLC-LX-SM-RGD compatible SFP transceiver provides 1000Base-LX throughput up to 10km over single-mode fiber (SMF) at a wavelength of 1310nm withstanding rugged environments and can operate at temperatures between -40°C to +85°C. Digital optical monitoring (DOM) support is also present to allow parameters. Our transceiver is guaranteed to be 100% compatible with the equivalent Cisco transceiver. This easy to install, hot swappable transceiver has been in data-traffic and application tested to ensure that it will initialize and perform identically. It is built to meet or exceed the specifications of Cisco, as well as to comply with industry standards to ensure seamless network integration.

[B]Please Note: [B] Installing Legrand transceivers does not void your network equipment warranty. Network equipment manufacturers all have guidelines stating that their equipment will not be affected by installing a Legrand or any third party transceiver.

Features & Benefits

- Functionally identical to Cisco GLC-LX-SM-RGD
- Transceiver type LX allows for connections up to 10km
- 1310nm wavelength signaling
- Rugged design withstands more extreme temperatures than a standard transceiver
- High speed 1-Gigabit connectivity
- LC ports designed for use with Single-Mode fiber
- Supports Digital Optical Monitoring (DOM)

Specifications

General Info

Product Line	C2G	UPC Number	757120666790
Country Of Origin	United States	Application Sector	Commercial, Industrial
Warranty Type	Lifetime	Type	Transceiver

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

Technical Information

Fiber Optic Cable Type	Singlemode	Adapter Front	SFP+ Male
