

C2G
DISCONTINUED: Cisco® GLC-FE-100FX-RGD Compatible 100Base-FX SFP (mini-GBIC) Transceiver Module (Multimode, 1310nm, 2km, LC, Rugged)
Part No. CG-GLCFE100FXRGD-LEG

This Cisco GLC-FE-100FX-RGD compatible SFP transceiver provides 100Base-FX throughput up to 2km over multi-mode fiber (MMF) at a wavelength of 1310nm connector. It is also capable of withstanding rugged environments and can operate at temperatures between -40°C to +85°C. Our transceiver is guaranteed to be compatible with the equivalent Cisco transceiver. This easy to install, hot swappable transceiver has been programmed, uniquely serialized and data-traffic and error-free to ensure that it will initialize and perform identically. It is built to meet or exceed the specifications of Cisco, as well as to comply with multi-source agreement (MSA) to ensure seamless network integration.

[B]Please Note: Installing Legrand transceivers does not void your network equipment warranty. Network equipment manufacturers all have guidelines stating support on their products will not be affected by installing a Legrand or any third party transceiver.

Features & Benefits

- Functionally identical to Cisco GLC-FE-100FX-RGD
- Transceiver type FX allows for connections up to 2km
- 1310nm wavelength signaling
- High speed 100-Megabit connectivity
- LC ports designed for use with Multimode fiber
- Rugged design withstands more extreme temperatures than a standard transceiver

Specifications

General Info

Product Line	C2G	UPC Number	757120667230
Country Of Origin	United States	Application Sector	Commercial, Industrial
Warranty Type	Lifetime	Type	Transceiver

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
