Force10® GP-XFP-1S Compatible 10GBase-SR XFP Transceiver Module with Digital Optical Monitoring (Multimode, 850nm, 300m, LC, DOM) - TAA Compliant
Part No. CG-GP-XFP-1S-LEG

This XFP transceiver module is designed for use with Force10 network equipment and is equivalent to Force10 part number GP-XFP-1S. This transceiver is built to meet or exceed the specifications of the OEM and to comply with Multi-Source Agreement (MSA) standards. This product is 100% functionally tested, and compatibility is guaranteed. The transceiver is hot-swappable input/output device which allows a 10 Gigabit Ethernet port to link with a fiber optic network. OEM specific configuration data is loaded on to the EEPROM of the transceiver at the factory, allowing this transceiver to initialize and perform identically to an OEM transceiver. This transceiver may be mixed and deployed with other OEM or third party transceivers and will deliver seamless network performance. A list of compatible network equipment is available on the Specs tab of this page.

[B]Please Note:[/B] Installing Legrand transceivers does not void your network equipment warranty. Network equipment manufacturers all have guidelines stating that warranty support on their products will not be affected by installing a Legrand or any third party transceiver.

Force10 and the Force10 logo are trademarks or registered trademarks of Dell, Inc. This product is not certified or endorsed by Dell.

Features & Benefits

Functionally identical to Force 10 GP-XFP-1S

LC ports designed for use with Multimode Fiber

Includes Digital Optical Monitoring (DOM)

850nm wavelength signaling

Supports up to 300 meters of cabling

Specifications

General Info

Product Line	C2G	UPC Number	757120669166
Country Of Origin	United States	Application Sector	Commercial, Industrial
Type	Transceiver		

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
