

This HP J9054C compatible SFP transceiver provides 100Base-FX throughput up to 2km over multi-mode fiber (MMF) at a wavelength of 1310nm using a LC connector. Our transceiver is guaranteed to be 100% compatible with the equivalent HP transceiver. This easy to install, hot swappable transceiver has been programmed, uniquely serialized and data-traffic and application tested to ensure that it will initialize and perform identically. It is built to meet or exceed the specifications of HP, as well as to comply with multi-source agreement (MSA) standards to ensure seamless network integration.

[B]Please Note:[/B] Installing Legrand transceivers does not void your network equipment warranty. Network equipment manufacturers all have guidelines stating that warranty support on their products will not be affected by installing a Legrand or any third party transceiver.

Features & Benefits

- Functionally identical to HP J9054C
- Transceiver type FX allows for connections up to 2km
- 1310nm wavelength signaling
- High speed 100-Megabit connectivity
- LC ports designed for use with Multimode fiber

Specifications

General Info

| | | | |
|-------------------|---------------|--------------------|------------------------|
| Product Line | C2G | UPC Number | 757120669814 |
| Country Of Origin | United States | Application Sector | Commercial, Industrial |
| Warranty Type | Lifetime | Type | Transceiver |

Additional Information
