

C2G
Discontinued - HP® J9150A Compatible 10GBase-SR SFP+ Transceiver Module with Digital Optical Monitoring (Multimode, 850nm, 300m, LC, DOM)
 Part No. CG-J9150A-LEG

This SFP+ transceiver module is designed for use with HP network equipment and is equivalent to HP part number J9150A. This transceiver is built to meet or exceed the specifications of the OEM and to comply with Multi-Source Agreement (MSA) standards. This product is 100% functionally tested, and compatibility is guaranteed. The transceiver is hot-swappable input/output device which allows a 10 Gigabit Ethernet port to link with a fiber optic network. OEM specific configuration data is loaded on to the EEPROM of the transceiver at the factory, allowing this transceiver to initialize and perform identically to an OEM transceiver. This transceiver may be mixed and deployed with other OEM or third party transceivers and will deliver seamless network performance. A list of compatible network equipment is available on the Specs tab of this page.

[B]Please Note: [B] Installing Legrand transceivers does not void your network equipment warranty. Network equipment manufacturers all have guidelines stating that warranty support on their products will not be affected by installing a Legrand or any third party transceiver.

Features & Benefits

Functionally identical to HP J9150A

LC ports designed for use with Multimode Fiber

Includes Digital Optical Monitoring (DOM)

850nm wavelength signaling

Supports up to 300 meters of cabling

Specifications

General Info

Product Line	C2G	Color	Silver
UPC Number	757120601975	Country Of Origin	United States
Works With	HP	Application Sector	Commercial, Industrial
Type	Transceiver		

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
