

This HP® J9283B compatible 10GBase-CU SFP+ to SFP+ direct attach cable operates over passive copper, with a maximum reach of 3.00m [9.84ft]. This HP® compatible twinax cable has been programmed, uniquely serialized, and data-traffic and application tested to ensure it is 100% compliant and functional. Each Legrand direct attached cable will initialize and perform identically to HP's cable and is built to meet or exceed HP's specifications, and comply with MSA (Multi-Source Agreement) standards. The actual part shipped may have a different part number, but will be functionally identical and 100% compatible. Trade Agreements Act (TAA) versions of this part are available.

Features & Benefits

Supports data rates up to 10Gbps

Copper cable assembly

Cost-effective, short length alternative to optical cable

Perfect for 10Gb Ethernet and Fiber Channel applications

Specifications

General Info

Product Line	C2G	UPC Number	757120669906
Country Of Origin	United States	Application Sector	Commercial, Industrial
Type	Transceiver		

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

Technical Information

Data Transfer Rate	10 Gbps	Adapter Rear	SFP+ Male
Adapter Front	SFP+ Male
