

C2G
DISCONTINUED: HP® JD094B Compatible 10GBase-LR SFP+ Transceiver Module with Digital Optical Monitoring (Single-Mode, 1310nm, 10km, LC, DOM) - TAA C
 Part No. CG-JD094B-LEG

This SFP+ transceiver module is designed for use with HP network equipment and is equivalent to HP part number JD094B. This transceiver is built to meet or exceed specifications of the OEM and to comply with Multi-Source Agreement (MSA) standards. This product is 100% functionally tested, and compatibility is guaranteed. This transceiver is hot-swappable input/output device which allows a 10 Gigabit Ethernet port to link with a fiber optic network. OEM specific configuration data is loaded into the EEPROM of the transceiver at the factory, allowing this transceiver to initialize and perform identically to an OEM transceiver. This transceiver may be mixed and matched with other OEM or third party transceivers and will deliver seamless network performance. A list of compatible network equipment is available on the Specifications page of this page.

[B]Please Note: [B] Installing Legrand transceivers does not void your network equipment warranty. Network equipment manufacturers all have guidelines stating that warranty support on their products will not be affected by installing a Legrand or any third party transceiver.

Features & Benefits

- Functionally identical to HP JD094B
- Includes Digital Optical Monitoring (DOM)
- Supports up to 10 kilometers of cabling
- LC ports designed for use with Single-Mode Fiber
- 1310nm wavelength signaling

Specifications

General Info

Product Line	C2G	UPC Number	757120669845
Country Of Origin	United States	Application Sector	Commercial, Industrial
Warranty Type	Lifetime	Type	Transceiver
