

C2G
DISCONTINUED: Linksys® MGBBX1 Compatible 1000Base-BX SFP (mini-GBIC) Transceiver Module with Digital Optical Monitoring (Single-Mode, 1310nm Tx, 1490nm Rx)
Part No. CG-MGBBX1-LEG

This Linksys® MGBBX1 compatible SFP transceiver provides 1000Base-BX throughput up to 20km over single-mode fiber (SMF) at a bidirectional wavelength of 1310nm Tx / 1490nm Rx. A bidirectional unit must be used with another transceiver or network appliance of complimenting wavelengths. It is guaranteed to be 100% compatible with the equipment it is intended to be used with. The transceiver has been programmed, uniquely serialized and data-traffic and application tested to ensure that it will initialize and perform identically. Design and manufacturing processes are in place to allow access to real-time operating parameters. All Legrand transceivers are Trade Agreements Act (TAA) compliant.

Features & Benefits

- Supports data rates up to 1000Mbps
- LC ports designed for use with Single-Mode Fiber
- Supports up to 20 kilometers of cabling
- SFP transceiver module
- 1310nmTx / 1490nmRx wavelength signaling
- Supports Digital Optical Monitoring (DOM)

Specifications

General Info

Product Line	C2G	UPC Number	757120669883
Country Of Origin	United States	Application Sector	Commercial, Industrial
Type	Transceiver		

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

Technical Information

Cable Type	Singlemode	Adapter Front	SFP Male
