

This Enterasys MGBIC-LC03 compatible SFP transceiver provides 1000Base-MX throughput up to 2km over multi-mode fiber (MMF) at a wavelength of 1310nm using a LC connector. Our transceiver is guaranteed to be 100% compatible with the equivalent Enterasys transceiver. This easy to install, hot swappable transceiver has been programmed, uniquely serialized and data-traffic and application tested to ensure that it will initialize and perform identically. It is built to meet or exceed the specifications of Enterasys, as well as to comply with multi-source agreement (MSA) standards to ensure seamless network integration.

[B]Please Note:[/B] Installing Legrand transceivers does not void your network equipment warranty. Network equipment manufacturers all have guidelines stating that warranty support on their products will not be affected by installing a Legrand or any third party transceiver.

Features & Benefits

Functionally identical to Enterasys MGBIC-LC03	High speed 1-Gigabit connectivity
Transceiver type MX allows for connections up to 2km	LC ports designed for use with Multimode fiber
1310nm wavelength signaling	

Specifications

General Info

Product Line	C2G	Color	Silver
UPC Number	757120668886	Country Of Origin	United States
Application Sector	Commercial, Industrial	Type	Transceiver

Technical Information

Fiber Optic Cable Type	Multimode	Max Distance Support	2 km
Connector 1	SFP+ Male
