

This MSA Compliant SFP transceiver provides 1000Base-TX throughput up to 100m over a copper connection using a RJ-45 connector. It is built to MSA standards and is uniquely serialized and data-traffic and application tested to ensure that they will integrate into your network seamlessly. Our TX transceiver modules support 10/100/1000Mbps auto-negotiation and can be configured to fit your needs. It is built to meet or exceed the specifications of MSA Compliant, as well as to comply with MSA (Multi-Source Agreement) standards to ensure seamless network integration. All Legrand transceivers are Trade Agreements Act (TAA) compliant.

## Features & Benefits

Supports data rates up to 1000Mbps	SFP (mini-GBIC) transceiver module
Transceiver type TX allows for connections up to 100m	RJ45 port designed for use with a copper patch cable

## Specifications

### General Info

Product Line	C2G	UPC Number	757120668114
Country Of Origin	United States	Application Sector	Commercial, Industrial
Type	Transceiver		

### Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

### Technical Information

Adapter Front	SFP+ Male
